

LIFE ONLINE

Project Update & News

This project aims to contribute to Europe 2020 Strategy, Rethinking Education & Youth Guarantee by helping to address the high rates of youth unemployment and skills gaps. This is a three year project which will run from 1 September 2015 to 31 August 2018.

Project Partner [Cebanc](#) based in San Sebastian, Spain hosted the 5 day C1 staff training event from the 2 May to 6 May 2016.

Other representatives, teachers and trainers from the following project

partners were also present:

- [Srednja šola za gostinstvo in turizem](#) - Maribor, Slovenia
- [Helsinki Business College](#) - Helsinki, Finland
- [Politeknika Ikastegia Txorierri](#) - Bizkaia, Spain
- [Haaga-Helia University of Applied Sciences \(UAS\)](#) - Helsinki, Finland
- [EfVET](#) - The Netherlands
- [Bridgwater College](#) - Bridgwater,UK

During the C1 staff training event, teachers and trainers involved in the project came together to discuss the modules and activities created during intellectual output two of the project. They also discussed and exchange ideas on how best to use the projects e-learning materials while utilising the [ECVET](#) system.

To make sure that employer needs are met by the project, the employment sector was represented by employer representatives from [ForMento](#) based in San Sebastian, Spain and the [IntGen project](#) (see further information on these below).

Using the e-learning materials, they discussed the most effective and practical ways to deliver the employability course unit including preparation for before, during and after mobility. This included how to organise and manage learner mobility and continued professional development for the teachers involved.

The ideas from the C1 event will be used for the Teachers Guide (Intellectual Output four) and the Pilot Plan (Intellectual Output five). The expertise and experience of the teacher representatives from the six partner organisations will be shared between Higher Education and VET and four countries to provide valuable knowledge exchange.

The second transnational project meeting also coincided with the C1 training event.

Representatives from [ForMento](#) based in San Sebastian, Spain were invited to attend the C1 event in order to share their views and to give a [presentation](#) on entrepreneurship and innovation, which is a key aspect of the [Life Online project](#).

Also in attendance were representatives of [BBSII school](#) based in Gifhorn, Germany. They came to the event to observe and understand the [Life Online project](#) and its impact across the EU.

IntGen IntGen Project

The group also had an opportunity to interact with future entrepreneurs that want to create a business using the co-creation methodology with having intergenerational mentoring as part of the Intgen Project. [The Life Online Project](#) will be integrated into the IntGen Project as part of a three year initiative to provide training courses to mentors and entrepreneurs. This project will bring together higher vocational training centres, universities, adult education and senior associations in the UK, Greece, Finland, Belgium and Spain.

Some comments noted from the C1 event included:

"A wonderful and cohesive team. We are all working hard to a high standard, with the same goal in mind - completion of a progressive and valuable product, which will benefit our intended audience."

"Extremely effective and productive working days and a well-organised action plan for each day."

" A group committed to working together."

Next steps of the project include:

- Creation of the employability and entrepreneurship course unit of learning materials in preparation for the development of the e-learning materials.
- Module Development - Partners to write up the schemes of work (SOW).
- Pre testing of the Life Online resources and activities.
- Pilot plan to be completed by each partner country.
